

This year's
proceeds benefit
Sophia Musacchio's
Education

In late December 2016, Pete Musacchio passed away after a courageous battle with brain cancer. Pete was a 1991 graduate of Gateway High School and lived in Millcreek, PA with his wife Heather and daughter Sofia. We are holding this golf outing to contribute to the educational fund set up for Sofia. Pete followed his passion for art through the University of Pittsburgh and the Pittsburgh Art Institute to become a instructional designer at Mercyhurst University. We hope his daughter will have the same opportunity to follow her dreams.

This fundraiser will be a community event that brings friends and families together and raise funds for a little girl who has lost her father. We will be holding a silent auction and are asking for your company's support. We are gathering gift cards, tickets, and any in-kind donations. Your generosity would be greatly appreciated and will contribute to the overall success of the event.
